HOW WILL APPLICATIONS BE *Evaluated?*

bebo mia has a Scholarship Committee and we convene twice a year to evaluate each and every application we receive. We have developed a fair evaluation process that helps committee members to consider several factors about each application as we go through them all and decide who will receive our scholarships.

As a committee, we evaluate each applicant for the following factors:

- Financial need
- Applicant's self identification with a marginalized community
- Aptitude for fertility, birth and family support work
- Match with bebo mia's mission and values. Please explore our website to get more of a sense of who we are as a learning community
- Applicant's relevant lived experiences, work and volunteer history
- Evidence of a sustainable and conscious business plan
- Evidence of a plan to overcome the unique barriers/challenges the applicant may face
- Evidence of a forward facing and pay it forward attitude

WHAT IS REQUIRED FROM BEBO MIA SCHOLARSHIP RECIPIENTS AFTER RECEIVING A *Scholarship?*

bebo mia expects that each recipient of our scholarships will follow the guidelines of our brave space and respectful community. In our digital age, conveying respect through our language choices and leaving oneself open to learning new things is of paramount importance. This is our basic expectation of scholarship recipients, and all of our students.

Scholarship recipients are asked to keep in communication with bebo mia's trainers so that we can ensure you are supported in your learning and keeping a self set pace towards successful completion of the program.

Scholarship recipients are asked to provide a blog post about their experiences and may even be asked to provide a follow up post later on down the road. To see some of the posts from our previous scholarship recipients visit www.bebomia.com/blog

Lastly, since some of the scholarships may be provided by one or more of bebo mia's corporate and community sponsors, there may be additional requirements set out for certain awards. These details will be communicated clearly with the recipients at the time that the scholarship is offered.

bebo mia offers scholarships under several relevant and impactful categories.

Please explore our scholarship themes in advance and, as you are reading through them, please determine which scholarship you think is the best match for you based on your values and lived experiences.

Please rest assured that identifying any challenges and barriers that may exist for you DOES NOT disqualify you from being considered for a scholarship. We think it is good practice to identify what might make things harder so that you can overcome those challenges! This is real life and we want you to succeed.

We want to be clear that we are all about philanthropy at bebo mia and we love to give back as much as we can. But when we ask you questions about giving back to your community, we want you to understand this doesn't have to be ONLY about offering free or low cost services. Please remember, we want you to think about what a sustainable business plan means to you!

I was awarded a scholarship . I am so excited to start my birth work adventure . I wholeheartedly believe that all women should be able to have the birth they want & the support they need through the whole process.

The bebo babes teach all the skills needed to support families, the ins and outs of birth, & how to create & maintain a business. I could not be happier with my bebo mia experience!
